

ENVIRONMENTAL POLICY

INTRODUCTION

At General Crane Services, we recognise our responsibility to minimise the environmental impacts associated with our operations that affect our customers, staff, and the broader community. We are committed to continual environmental improvement through effective management practices and responsible governance.

ENVIRONMENTAL MANAGEMENT SYSTEM

We will maintain an environmental management system compliant with ISO 14001:2015, which encompasses the following components:

- Systematic planning for environmental protection.
- Performance monitoring to assess the efficacy of practices.
- Regular reviews to ensure continuous improvement.

OPERATIONAL IMPACT REDUCTION

Our operations are regularly evaluated to identify potential adverse environmental impacts. Effective planning and operational controls are developed to minimise these impacts. Specific focus areas include:

- Reducing and, where feasible, eliminating harmful waste and pollution at our office facilities and operational sites.
- Proper disposal of all harmful waste and by-products in accordance with environmentally approved methods.

COMPLIANCE AND LEGISLATION

General Crane Services is committed to compliance with all relevant state environmental legislation. This ensures that our operations meet and aim to exceed regulatory requirements.

EMPLOYEE ENGAGEMENT

We are dedicated to fostering an environmentally conscious culture within our workforce. Training programs and resources will be provided to empower employees to contribute actively to our environmental goals.

SUSTAINABILITY INITIATIVES

We are committed to integrating sustainable practices into our business model, including:

- Utilising energy-efficient technologies and machinery.
- Promoting recycling and the use of recycled materials.
- Supporting local and global environmental initiatives.

FRAMEWORK FOR OBJECTIVES AND TARGETS

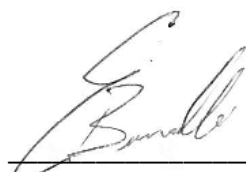

A clear framework is in place for setting and achieving specific environmental objectives. These targets are reviewed annually to adapt to new challenges and opportunities in environmental management.

POLICY REVIEW

This policy will be reviewed regularly to ensure its effectiveness and updated as necessary in consultation with our employees.

POLICY ENDORSEMENT

Our management endorses this policy and reflects our commitment to reducing our environmental footprint on a local and global scale.
